Indian Harbour Beach, FL • kimvalish@outlook.com • 772-577-9122
Portfolio: https://kimmarieval.github.io/resume/Kim_Valish_Frontend_Developer.pdf

PROFESSIONAL SUMMARY

Frontend Developer with 15+ years of experience designing, building, and maintaining production websites, landing pages, and digital products for in-house teams, agencies, and remote environments. Strong background in HTML, CSS, JavaScript, accessibility, and responsive design, with a proven ability to translate designs into clean, maintainable frontend code. Experienced collaborating cross-functionally with designers, developers, marketing teams, and stakeholders in fast-paced, deadline-driven settings.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, Responsive Design, Accessibility (WCAG), Bootstrap, SASS, jQuery
CMS: WordPress, Drupal, Salesforce (web integrations)
Design: Adobe Photoshop, Illustrator, InDesign, Typography, Layout, UI Prototyping
Backend: PHP, SQL, ASP
Tools: Adobe Dreamweaver, Git (working knowledge)
Currently expanding skills in: Modern JavaScript (ES6+), React

EXPERIENCE

PRODUCTION COORDINATOR / FRONTEND DEVELOPER
Weiss Ratings | Remote | 2021 – Present

- Design, develop, and maintain production web pages, landing pages, and email templates supporting product launches and ongoing marketing initiatives in a fast-paced, deadline-driven environment.
- Build and update frontend code using HTML, CSS, JavaScript, TypeScript, Bootstrap, and SASS, ensuring responsive behavior, cross-browser compatibility, and accessibility best practices.
- Maintain and enhance multiple company websites and digital properties built on WordPress, collaborating with cross-functional teams to implement updates, improvements, and new features.
- Translate design concepts, wireframes, and prototypes into clean, maintainable frontend code, balancing visual accuracy with performance and usability.

FRONTEND DEVELOPER & GRAPHIC DESIGNER (Freelance)
Melbourne, FL | 2012 – Present

- Design, develop, and maintain custom websites and digital experiences for clients across multiple industries, balancing frontend functionality, visual design, and usability.
- Build responsive, accessible frontend solutions using HTML, CSS, and JavaScript, collaborating with backend developers as needed to implement dynamic features and content.

KIM VALISH – Frontend Developer

- Translate client requirements, brand guidelines, and design concepts into clean, maintainable frontend code and polished user interfaces.
- Manage projects end-to-end, from requirements gathering and concept development through implementation, testing, and delivery.
- Communicate directly with clients to define goals, provide progress updates, and deliver solutions aligned with business needs and timelines.

FRONTEND WEB DEVELOPER

Madison Title Agency | Lakewood, NJ | 2009 – 2012

- Developed, maintained, and updated multiple production websites in collaboration with designers, backend developers, and internal stakeholders.
- Implemented frontend features using HTML, CSS, and JavaScript, ensuring reliability, performance, and cross-browser compatibility.
- Worked closely with cross-functional teams to gather requirements and deliver updates aligned with business objectives.

EARLIER FRONTEND & DESIGN ROLES

East Coast Advertising Agency | Shrewsbury, NJ

Atlantec Group | Manalapan, NJ

1997 – 2008

- Built and maintained client websites and digital assets, combining frontend development with visual design across agency and corporate environments.
- Collaborated directly with clients and internal teams to plan, implement, and deliver production web solutions on time and within scope.

EDUCATION

A.A.S. Frontend Development & Graphic Design — Florida Technical College (GPA 4.0)
A.A.S. Communication Design — Brookdale Community College
